# Security Cameras Alone Don't Prevent . . .

# ASI - Proactive Video Monitoring – Powered by Netwatch

- <https://www.youtube.com/watch?v=89PVMXpoFa8>

Play this video to more great information – Click the start button  
Hoover your mouse on the white screen above.

## Increased Risk Exposure

Reactive approach too late

## Compliance Concerns

Site security & safety; training, procedures & reporting

## High Operational Costs

Expensive guarding; on-going issues of theft; property damage; disparate locations

***Traditional Intrusion Alarm Systems***  
May alert of breaches inside, but fail to identify perimeter breaches

***CCTV Systems***  
Designed to provide evidence after-the-fact, but fail to prevent crimes in progress

***Security Guards***  
Expensive, cannot be everywhere at once, and are prone to human error

# Reactive Security Options Today Fall Short

# ASI & Netwatch Knows Security

*The Netwatch Platform provides the best of both worlds – smart technology and dedicated, US-based intervention specialists to provide tools and proactive video monitoring when it matters most. This allows us to . . .*

Deter Theft or  
Damage

De-escalate  
trespassing

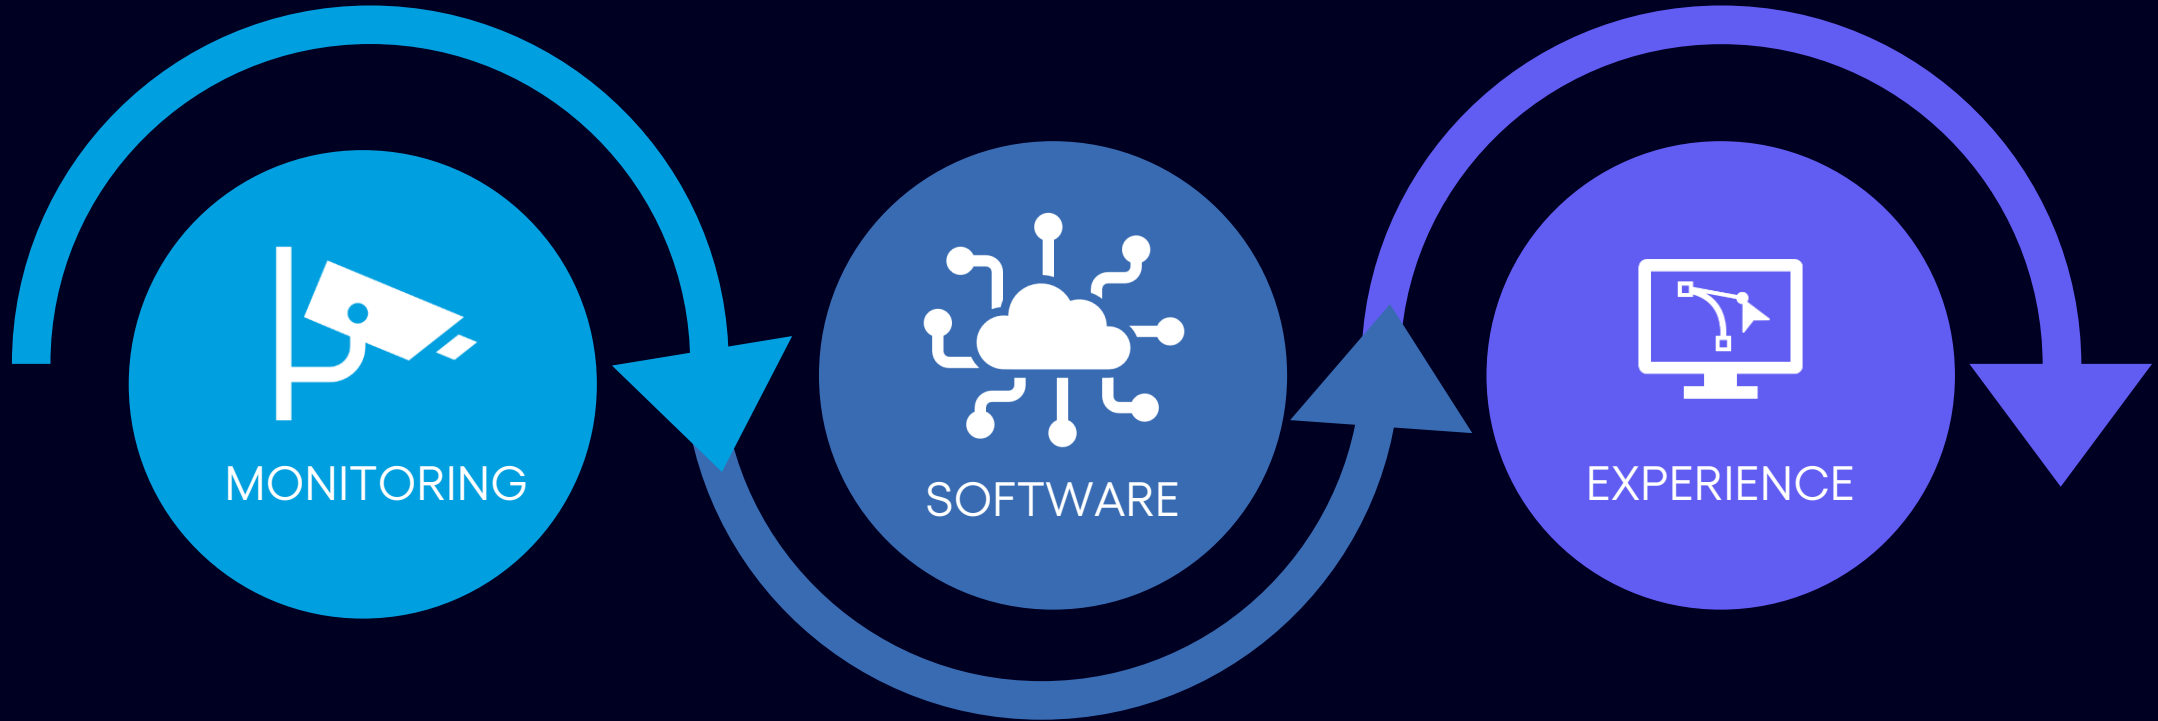

Safely reduce  
loitering

Augment guard  
services

Future-proof  
security

INSTALLATION QUALITY  
For Electronic Security and Life Safety

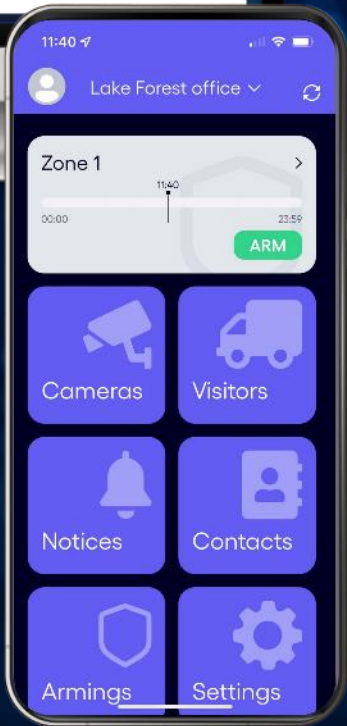

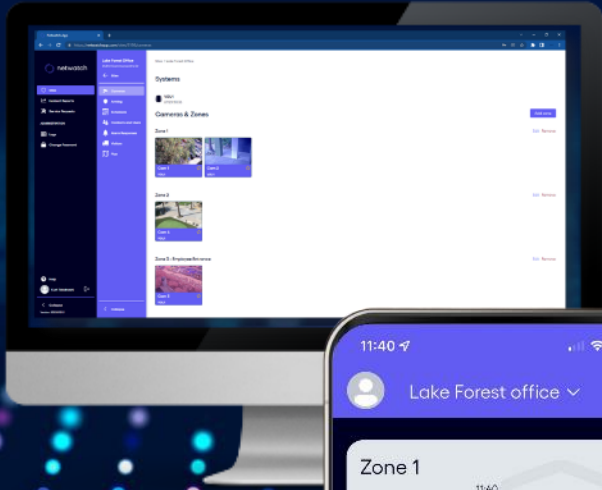

Geo-diverse, Fully-Redundant

Purpose-built Platform & Tools

# Netwatch Experience | Web & Mobile Apps On the Go

## Live Camera View

Access all live cameras anytime, anywhere

## Visitor Access

Create visitor passes for sites

## Site Design

Upload engineering designs or maps to create Site Security Map

## Site Health Check

Proactively monitor equipment & connectivity issues

## Flexible Zoning

Group cameras into zones for independent arming/disarming

## Contact Management

Manage contacts to be alerted when incidents occur

## Incident Reports

Instant access to incident reports, searchable by site

## Arming/Disarming

Control the system arming state by schedule, exception or ad-hoc

## Multi-Site Management

Manage multiple sites from single login/interface

Over 125,000 crimes  
deterred to date

98% of intruders flee  
immediately

# Monitor. Intervene. Report.

Detect bad behavior

Assess and verify threat

Issue live audio warnings

Notify authorities

Provide detailed report

# Power of Incident Reporting

Issued within 24 hours of an incident

Easily export info for insurance, compliance & regulations

Still images and detailed explanation of incident

24/7 report access through our web or mobile apps

The screenshot displays the Netwatch Incident Report interface. At the top, it features the Netwatch and ASI logos, along with the text "Incident Report" and a shield icon. Below this, a summary box contains the following information:

- Site: City Mill 650 N Nimitz Hwy Honolulu
- Address: Address Line 1, ...
- Date: 04-27-2020 00:46:31
- Report No: 000

The main section is a table with the following columns: Time, Cam, and Observation/Action.

Time	Cam	Observation/Action
21:46:29	3	Cam03 Perimeter
21:46:29	3	Netwatch Intervention Specialist observed an intruder enter three.
21:47:34		Rick Niedermayer Jr. Called Honolulu Police Station
21:47:34		Netwatch Intervention Specialist contacted Honolulu 114 of events on site. Dispatcher 114 advised that unit location.
21:50:23	3	Netwatch Intervention Specialist observed the intruder enter three.
21:56:07	3	Netwatch Intervention Specialist observed Police enter three.
21:57:32	0	Netwatch Intervention Specialist resumed monitoring

Below the table, there are three still images from the camera feed, showing a person in a red shirt in a dark area. At the bottom of the screenshot, there is a disclaimer: "This page report is accurate and true to the best of our knowledge. This document, and the images and descriptions, are the property of Netwatch Intervention Specialist (NIS), a Netwatch Group Company, and its subsidiaries. Reproduction or disclosure of the contents, in any form, is strictly prohibited without prior written consent."
